TORONTO, March 22nd, 1919.

Robert A. Falconer, Esq.,
President, University of Toronto.

Dear Sir:-

In reply to your letter of the 13th instant respecting the use of University laboratories by members of the staff for private purposes, I desire to say that for some years it has been the practice in this department to collect 25% of the fees paid to members of the staff for work of this character, and, out of the fund so created, to purchase books for the departmental library and equipment for the laboratory. Numerous additions to both have been made in this way.

Sincerely yours,

John McLennan

Professor.
